HANDS ON CLINICAL SAFETY

Wednesday, February 15 & Thursday, February 16, 2017

Langford Auditorium Lobby

7am to 6pm; CHECK IN ENDS at 5pm

Employee ID badge or social security number necessary for registration.

Sessions are 1 hour long, limited to 10 people and begin on the hour and half-hour;
last session begins at 5:00pm.

MOCK CODE consists of:
Defib/AED, Airway Management & Blood Administration

Required for direct care staff every other year unless...

- ACLS/PALS/ATLS is current *or*
- Within the past 24 months, completion of:
  Essentials of Resuscitation (EOR) *or* Advanced Airway course for physicians or nurses *or* Clinical Orientation *or* training in your own department

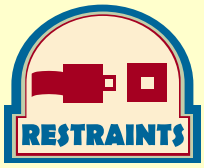
Sessions are 20 minutes long, limited to 10 people and begin on the hour and half-hour;
last session begins at 5:30pm.

BLOOD ADMINISTRATION consists of:
Mock transfusion practice/return demonstration in a simulated setting and review of documentation for those who need blood transfusion ONLY.

Required annually for licensed staff who administer blood or blood products.

Sessions are 30 minutes long, limited to 10 people and begin on the quarter-hour (eg 7:15 & 7:45);
last session begins at 5:15pm.

N-95 FIT-TESTING provided by VEHS.
Required annually for staff who provide care for patients on airborne precautions as listed in *Departments Required to have Annual N-95 Respirator Fit-testing*
For more information, visit the VEHS N-95 Respirator Program page:
http://www.safety.vanderbilt.edu/clinical/n95-respirator-program.php



RESTRAINT COMPETENCY is a biennial requirement only offered on even years regardless of year hired.

Required for staff who initiate, monitor and/or remove a restraint *or* any staff providing direct care for a patient in a restraint.

OCCUPATIONAL HEALTH CLINIC "COMPLIANCE QUICKIES"

ALL occupational health requirements (not just TB tests & vaccines) must be up to date, and compliance feeds directly into Vanderbilt Performance Evaluation System (VPES). Come by to get up to date.
Check your Occupational Health Status by logging into the Health and Wellness Information Portal at:
myhealthandwellness.vanderbilt.edu
Visit the OHC Calendar of Events to find locations to get the services you need.

PLEASE NOTE:

- ANNUAL POINT-OF-CARE PROFICIENCY TESTING (now offered the first Tuesday of each month) is NOT offered at HANDS ON: CLINICAL SAFETY.
- Non-clinical annual requirements are only offered online; computers available at HANDS ON: CLINICAL SAFETY to complete requirements.
