Welcome to the Vanderbilt Transplant Nurse Practitioner Symposium website where you will find the most up-to-date conference information including links to registration and housing sites.

Our annual conference is designed to address the complexities of managing the transplant patient within the scope of practice of the nurse practitioner, and advanced practice nurses. As the number of Nurse Practitioners caring for transplant patients continues to increase, their role focusing on acute/chronic illness with emphasis on preventative maintenance has become vital to the lifelong care of transplant patients and their unique needs. We are committed to providing you the most current data and best practices by presenting evidence-based transplant practice in a non-biased format.

Some of this year’s Clinical Update topics were selected from participant feedback and will center on a Team Based Approach to the Management of the Transplant Patient. Agenda topics include PTLD, Rejection Meds, Vaccinations, PRA, as well as non-organ specific guidelines for assessment of transplant patients and diagnosis and treatment of common comorbidities and more.

Please see our 2017 Conference Dates & Information page for the latest information!

This program will be submitted to the Tennessee Nurses Association (TNA) for approval to award 15 credit hours and 6 Pharmacology hours, and to the American Board of Transplant Coordinators (ABTC) for 15 credit hours.

(The Tennessee Nurses Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.)

It is the policy of Vanderbilt University School of Medicine not to discriminate against any person on the basis of disabilities. If you feel you need services or auxiliary aids mentioned in this act in order to fully participate in the continuing education activity, please contact us by phone at the Vanderbilt Transplant Center office, 615-936-8922, by email, TransplantNPsymposiumInfo@vanderbilt.edu, or attach a note to your registration.

Thank You
