POLICY FOR PENETRATIONS OF FIRE AND SMOKE PARTITIONS

Purpose: To ensure the integrity of all fire and smoke stop partitions throughout the Medical Center.

Policy: All penetrations to fire and smoke stop partitions will be sealed to prevent the spread of fire and smoke.

Responsibility: It is the responsibility of all crews to repair any penetration of fire and smoke stop partitions. This includes penetrations made on current jobs as well as any existing penetrations found while completing the current job. It is the responsibility of the Carpentry Shop to perform an annual above ceiling inspection and repair of all fire and smoke stop partitions throughout all patient care areas of the Medical Center. Results of the inspection/repair are to be reported to the Safety Committee.
