

Vanderbilt University Hospital - Activity Cart Wish List

Having a family member, friend or loved one in the hospital can be a stressful time. While families and visitors spend time in the waiting rooms at Vanderbilt University Hospital (Adult Hospital) volunteers visit with them offering items of comfort. These items include snacks and activities found on the hospital activity cart.

Please help us. The activity cart is stocked through the generous donations from our community!

Please call (615) 936-3078 to coordinate a donation through Volunteer Services.
